Hi Taylor,

Yes, a Certificate of Appropriateness for demolition of 469 Saint Francis Street was issued by the Architectural Review Board in April. Please let me know if you have any questions.

Subject: 469 Saint Francis St. Certificate of Appropriateness

Good afternoon,

We have received a site plan application for a project located at 469 Saint Francis St., a property which is located within the Historic Preservation Overlay. I am inquiring as to whether or not the Tallahassee Trust for Historic Preservation has received any recent applications for a certificate of appropriateness for this location. Please let me know if you need any additional information, thank you!

Best regards,
Taylor
